## WAYS AT BY STORES

VOLUME IV.

THE EDMONTON BULLETIN, TUESDAY, APRIL 14, 1907.

### FIVE KILLED IN WRECK ON GREAT NORTHERN

**Oriental Limited was Derailed Running at 40 Miles an Hour—Rails Said to Have been Tamped With—Several Acts of Heroism—Mail Clerk Rescued Body of Fellow Clerk.**

Associated Press Despatch.  
St. Paul, April 15.—While running forty miles an hour the Great Northern, westbound, Oriental Limited, which left here for Pacific Coast points Sunday morning, was derailed early today at Bartlett, N. D. Five persons were killed and a score or more injured, some of them seriously. After the wreck a gas tank exploded, and the train took fire, seven passenger coaches being destroyed. The sleeper and observation coaches escaped the flames.  
There is said to be some evidence that the rails had been tamped with. Officials of the road say that the track in this vicinity had been in an apparently first-class condition. They are unable to account for the wreck on any other theory than that

### STRIKE DISORDERS IN BOSTON.

Teamsters Strikebreakers Charged with Shooting another Man.  
Boston, April 14.—Several disorders, the result of clashes between teamsters with teamsters strike and strike-breakers, were reported to the police today, but only one case serious. John J. Gaffney, of New York, was arrested at the strikebreakers' headquarters charged with shooting Spence Prince. Prince is said to have been standing in a doorway across the street from the headquarters watching a crowd, some of whom were hurling sticks and other missiles at the windows. Three or four shots were fired from the building. It is said, and one hit Prince in the mouth, causing a dangerous wound. The police rushed the building, and arrested Gaffney, as the one who did the shooting. Prince was taken to a hospital.

### EVACUATION OF MANCHURIA

Both Russian and Japanese Have Withdrawn Troops From This Battle Ground.

Despatches received from St. Petersburg, Tokio, and Peking show that the evacuation of Manchuria by the Russians and Japanese has been agreed to under the Portsmouth treaty and the postponement of that country by China has been accomplished under the terms of the agreement between Japan and Russia, fixing yesterday, April 13th, as the limit for the actual transfer.

### SOUTHERN EARTHQUAKE SHOCK

Lastest Nearly Six Minutes—Had Swinging Motion.  
Associated Press Despatch.  
Burlington, City of Mexico, April 14.—An earthquake, lasting five and a half minutes, started this city tonight. The earthquake has a swinging motion, terrifying the inhabitants but doing no damage so far as can be learned in the city. Clocks stopped at 11:54 p.m. Mexican time, which is thirty-six minutes slower than American, and the perceptible movement of the earth ceased at 11:59 1/2. Telegraph wires were put out of commission, and for a short time there was darkness owing to the failure of the electric light system. It was the severest shock felt here for many years. People thronged the streets, many having fled from their houses and dwellings in their night robes.

### HERD OF 450 BUFFALOES FOR ELK NATIONAL

**Twenty Miles North-east of Saskatchewan. Canadian Government Outbids U. S. Government in Purchase of Herd from State of Montana. Cost \$100,000. Are on way here now.**

The Canadian government has purchased 450 buffaloes from the state of Montana to place in the Elk park near twenty miles northeast of Fort Saskatchewan. The herd, which has been kept in the vicinity of Billings, Montana, was offered for sale by the state government. The Canadian government outbid the United States government, paying \$100,000 for the entire herd. It will be brought to Alberta under the supervision of Mr. Ayotte of the geological survey department at Ottawa, to whom has been entrusted the conveyance of the beasts to their new domain. Arrangements are being made by the department of the interior to have the Elk park strongly fenced for the incarceration of these monarchs of the prairies. Two special trains will be required for the transportation of the herd.

### WAYS AT BY STORES

**Lines in Blouses, Fancy Belts, etc.**

### EARTHQUAKE IN NEW MEXICO

**Two Towns Completely Destroyed. Seven Known to be Killed or Injured.**

Associated Press Despatch.  
Mexico City, April 15.—The towns of Chilpancingo and Chilpan in the state of Guerrero, Mexico, were completely destroyed by an earthquake last night. Seven persons are known to be killed, and twenty-seven injured. The towns were destroyed by an earthquake last night. Seven persons are known to be killed, and twenty-seven injured. The towns were destroyed by an earthquake last night. Seven persons are known to be killed, and twenty-seven injured.

### REDUCTION IN POSTAL RATES

**On Newspapers From Great Britain to Canada. Arrangements Completed.**

Associated Press Despatch.  
Ottawa, April 15.—In the House of Commons this morning, Hon. Mr. Lorne James announced that an agreement had been reached between himself and the postmaster general of Great Britain by which postage upon British newspapers, magazines and trade journals would, from May 1, be reduced from 8 cents per pound to 5 cents per pound. This would include mail posted by individuals as well as from office of publication. One condition of the agreement which is to last for four years is that Canada will carry free of charge all newspapers sent by steamer subsidized by Canadian Government. Great Britain recognizes that Canada is entitled to special consideration owing to her geographical situation and owing to the necessity of enforcing British sentiment.

### STATE BANK CLEARED OUT

**Maltd, N.Y. April 14.—Word has just been received of the robbery of the State Bank, presumably by "Kid" Curry gang, and \$25,000 is reported to have been stolen.**

### LATE SPRING WILL NOT AFFECT CROPS

**Ald. Daly Gives Re-assuring Interview. Got his Best Crop Year of Late Spring.**

There need be no apprehension as to the result of the crops because of the lateness of the opening of the spring weather, said Ald. Daly, this morning to the Bulletin.  
This statement from Ald. Daly, who owns one of the finest farms in the west at Clover Bar, and who has gained a wide reputation as an agriculturist, will be reassuring to the recent arrivals in this country who have been heard complaining about the lateness of spring.  
"In 1906," continued Ald. Daly, "I did not get on my ground with a harvest until noon of April 27th, but that year I have the best wheat crop ever had. The yield from 37 acres was 40 and 23 bushels to the acre, and I secured seventy cents a bushel for the wheat. The late spring of that year gave me the best crop I have had in the 24 years I have been in the country."

### MONEY TIED UP IN THE GRAIN

**In the West, but There is no Cause for Alarm in Eastern Canada.**

"There appears from all accounts to be considerable uneasiness in eastern Canada regarding the money stringency in this part of the country," says the Winnipeg Commercial. "That money is somewhat tight at present, we admit, but from the facts that we gather we fail to find any cause for alarm. In this opinion we are backed up by many of the leading Winnipeg business men who are thoroughly acquainted with conditions here."  
"We wish briefly to state just how things actually are. As every one who is interested in these provinces knows, only a comparatively small share of the 1906 grain crop was marketed last fall before the close of navigation on the lakes. "Then, owing to traffic congestion and slow blockades very little was shipped East by rail. During the past month or two a very large amount of wheat has been moved to Fort William and Fort Arthur, but there it remains until lake shipping starts. "The elevators at county points are crowded and there are some millions of bushels yet in farmers' hands, of which they cannot dispose until the movement East begins. Now there is an enormous amount of money tied up in this unshipped grain. Grain dealers keep buying until they reached the limit and the banks have advanced millions to them to buy more. All this money is tied up until navigation opens. Just as soon as the grain comes to more down the lakes, exporters will be able to draw upon the eastern buyers for the value of the shipments, and at once the situation will be relieved."

### THE OIL FLOW POLLUTES RIVER

**Count Hammerstein is Going North to Investigate his big oil Property.**

Count Von Hammerstein, the famous explorer of the far north oil fields, has returned to the city after spending the winter in Ottawa and New York. While in Ottawa the Count gave some valuable evidence before the Davis committee of the senate on the resources of the Peace River and Mackenzie district. Two outfits of machinery are here ready for shipment to the north and three more are on the way. Count Von Hammerstein intends to carry on boring operations for petroleum on a large scale this year.  
Since arriving in the city he has been informed that one of the wells in the Athabasca which he sunk last summer and capped has blown out and so frightened the men left in charge that he has run away.  
Mr. Colin Fraser, who came up the river, says that the oil has poured out in such quantities that the Athabasca river has been polluted to such an extent as to kill enormous quantities of fish right down to the lake. The Count leaves for the north this week. He is considerably perturbed over the report.

### LOST IS RIGHT HAND IN A SAW

**Accident to Arthur Waddell, of Onoway, Was Brought to City for Treatment.**

Arthur Waddell, of Onoway, who was for some time expert machinist with the J. I. Co. Company here, had his right hand amputated at the public hospital this morning, only the thumb and wrist remaining.  
Waddell, who is a member of the Waddell & Phillips firm, of Onoway, proprietors of a portable saw mill, had his hand injured last evening just as the mill's machinery was being slowed down for the day.  
Waddell went to take a splinter out of the saw guide, when the guide on his right hand was caught and drawn into the machinery. The consequent loss of blood and suffering were great. Mr. Phillips bound the injured man's wrist very tightly with a handkerchief, averting the danger of Waddell's bleeding to death.  
Mr. Phillips then set out immediately for Edmonton with his partner, arriving at the hospital between two and three o'clock this morning. The amputation of the crushed hand was made this forenoon, and the patient is doing well.  
Mr. Waddell had previously lost the forefinger of his left hand. He is a single man, and has a family of several children.

### BELEIEVED WITHOUT POLICE.

Associated Press Despatch.  
Mexico City, April 14.—George Glider, the only policeman of the city, has resigned and was yesterday appointed chief of police of Des Moines at a salary far in advance of what he was asking for leave.

### JAPS NOT SO PROMPT.

Tokyo, April 14.—The work of withdrawing the Japanese troops from Manchuria was completed April 8th, and China has therefore expressed her hearty appreciation of the fact in a note to the Japanese government. Baron Muto, to the management of whose policy the Manchurian army was transferred April first, is an interview today that the last vestige of war in Manchuria has now been removed. Fair play is his guiding principle. In promoting the peaceful development of Manchuria through which our racial and national differences will be entirely lifted. Manchuria will be made a field for the fair competition of all nations. In order that we may carry out this principle, I crave permission on the part of those interested. Remember that the management of the road was transferred to us only on the first of the present month. The allowance of sufficient time will ensure the relaxation of our plans and we desire nothing more from impatient interference.

### EMPEROR BILLY IS THE MAN FOR IT

Carnegie Suggests him for Peace Congress. Holds Peace of World in his Hand.  
New York, April 15.—Warned by President Roosevelt and Secretary of State Elihu Root that if success is to crown the efforts of those who are working for peace among the nations of the world, their endeavor must be along practical lines, they must not, by insisting upon the impossible, put off the day when the possible can be accomplished. The national arbitration treaty and peace conference, which is meeting in this city under the presidency of Andrew Carnegie, began today its real activities with two crowded sessions in Carnegie hall. The president, in a letter to the congress, expressed the hope that the coming conference will result in the adoption of an international arbitration treaty. Secretary Root, after announcing this, declared the United States thought proper to again urge the designation of limitation of armament and the abolition of the policy of using force in the collection of debts owed by one nation to the citizens of another. Mr. Carnegie, in an address to the congress, paid a tribute to President Roosevelt, and declared that he would do his utmost to make Mr. Roosevelt become the peacemaker of the future. He said, however, that Emperor William was the man among all men who could best secure peace of the nations. Mr. Carnegie said it was unjust to speak of the emperor as a menace to the peace of Europe, in as much as he is twenty years upon the throne, and would strike negatively Mr. Roosevelt's policy. The emperor had not caused an international war.

### ON A NEW PRESS.

To-day, April 14, the Daily Bulletin is printed on a new large seven column four page. Michie press, ordered from Chicago on March 18, two days less than one month ago. This is a record in the shipping, printing, transportation and erection of a printing press at such a distance from the factory.

### DELAY IN NAVIGATION.

Ice is 22 inches Thick 28 Miles West of Fort William.  
Associated Press Despatch.  
Fort William, Ont., April 15.—Navigation will be greatly delayed in the year at Canadian ports. From Silver Island, twenty-five miles out, water has not been travelled yet and the ice is 22 inches in thickness. Unless ice breaks or goes out it will be late in April before navigation opens again.

### \$900 PER FOOT PAID FOR JASPER AVENUE PROPERTY

**Reality on Edmonton's Main Thoroughfare Shows Steady Rise. Advances \$40 per Foot in Two Months. Highest Price yet Paid for Realty on Jasper Avenue.**

Mr. G. Hutton, through his agents Messrs. Watson & Company, paid through a real estate deal yesterday that registers the highest price yet paid for realty on Jasper avenue. The property concerned is lot 60 on the south side of Jasper between Second and Third streets now occupied by the offices of Mr. H. Brown. The price was over \$40,000, or \$900 a foot. The purchaser is Mr. N. H. Peck, of this city, who has a partner whose name could not be ascertained today. Mr. Hutton secured the property about two months ago from Mr. Brown for \$40,000.  
Another transfer was made this morning on the north side of Jasper, directly opposite the above property, belonging to H. McLaughlin. The purchaser was H. Brown, who paid \$40,000 for twenty-five feet.

### G.T.P. RY. WILL BE VERY LIBERAL

**In Spending Money on Extensions. Pays Expresses Pleasure at Immigration.**

Associated Press Despatch.  
Montreal, Que., April 15.—C. M. Hayes, Vice-President and General Manager of the G.T.P., returned today after a visit to England, for the purpose of assisting the president in the preparation of the annual report. Mr. Hayes states that he found the directors strongly inclined to be liberal in expenditure of money on extensions and needed improvements, provided they were not hampered by too many petty legislative restrictions. The new issue of \$50,000,000 of G.T.P. debentures was well received in England, the company getting the money for 4 per cent. while others were paying 5 per cent. The greater part of new issues was taken by the Grand Trunk shareholders. This money will go to pay for the G.T.P. selling stock, ordered, and in the meantime the G.T.P. R. will benefit by stock being turned out, having \$9,000,000 in service ordered for G.T.P.  
Mr. Hayes was enthusiastic over the immigration prospects, pointing out that last week 6,000 arrived and \$400 will come in this week, making 10,000 in two weeks.  
Immigrants Growing In.  
Associated Press Despatch.  
Sydney, N.Y., April 14.—The Leigh Valley station at State street, Auburn, N.Y., was destroyed by fire tonight. In the ruins was found the body of Frank Rink, 60 years of age, a cripple who had spent his life in the station and sometimes slept in the charity

### ALL MILITARY MOVEMENTS CEASE.

Peking, April 15.—The Russian and Japanese troops were now completely evacuated Manchuria, according to the terms of the treaty of Portsmouth only retaining a certain number of railway guards. All military movements have ceased from the Manchurian towns which were under Russian and Japanese government have resumed their Chinese standing.  
China Will Re-Organize Provinces.  
Peking, April 15.—China's note to Japan expressing her hearty appreciation of the complete withdrawal of the Japanese troops from Manchuria gives emphatic assurance that the Chinese government will shortly proceed with the reorganization of the administration of the Manchurian provinces. It is understood that Mr. Shuping Chang, who has been selected to be first viceroy of Manchuria will give special powers to that end.  
Cripple Burned to Death.  
Associated Press Despatch.  
Sydney, N.Y., April 14.—The Leigh Valley station at State street, Auburn, N.Y., was destroyed by fire tonight. In the ruins was found the body of Frank Rink, 60 years of age, a cripple who had spent his life in the station and sometimes slept in the charity

### COAL MINERS WILL STRIKE WITHOUT OFFICIAL STRIKE ORDER

Union Notices Coleman Company that Men Refuse to Work, and Notice has been posted in Fernie Working Miners Away From Alberta and Crow's Nest Pass District.  
Special to The Bulletin.  
Calgary, Alta., April 15.—The official of the Coal Miners' union in Coleman notified the International Coal & Coke Co. tonight that the union men refuse to continue at work, and would strike regardless of the pending reference of the difficulties between the operators and miners, to the government board of conciliation now being appointed, and for which the miners applied. The miners here will be completely tied up.

### Special to The Bulletin.

Fernie, B.C., April 15.—The workers in the collieries of Coal Creek and Michel have quit work without a strike for an official strike order. The following notice is conspicuously posted about the coal camp:  
"Fernie, April 14th—Miners, mine laborers and other workmen are requested to keep away from the coal mines of Alberta and the Crow's Nest Pass district. Dispute pending. (Signed) Dist. Ex. Board of A. M. W. of A. M."

## STRATHCONA NEWS

### LACROSSE BOOMS IN STRATHCONA

Enthusiastic Annual Meeting  
Held Last Night. Big Attendance  
of Lovers of Game

What was undoubtedly the largest  
most enthusiastic and most representa-  
tive meeting of Strathcona sports-  
men and lovers of athletic sports to  
gather in the southern city, was held  
last night in the fire hall. The chair-  
man was occupied by Jas. W. Blain and  
Stewart Hill was appointed secretary  
pro tem in the absence of last year's  
secretary, George Craig, who has been  
removed from the city since last season.

The financial statement submitted  
by the president showed a small de-  
ficit from last year. This was con-  
siderably diminished by large dona-  
tions last night from A. Garbe and  
Stewart Hill, which were acknowledged  
with appreciative applause. It was  
subsequently decided that the other  
obligations be at once met and the  
club placed on a good financial  
standing. This condition was most  
heartily hastened by a large number  
of subscriptions at the close of the  
meeting.

On motion of F. C. Jamieson, seconded  
by J. B. Miller, it was agreed that  
the club be reorganized for 1907. The  
mover, who is one of the veterans  
lacrosse men of Strathcona, and the  
second, who was the first field cap-  
tain, both being prominent in the  
game, having played in 1906 with Ed-  
monton, spoke of the enthusiasm dis-  
played and the good material that  
was obtainable for a team. Lacrosse,  
in their opinion, was undoubtedly the  
proudest game of Canada and the fact  
that the Alberta legislature has de-  
clared a cup evinces the deepening  
interest shown in Western Canada.

The following officers were elected:  
Patron—Hon. A. C. Rutherford, Dr.  
McIntyre, Senator Talbot, N. D. Mills.  
President—F. C. Jamieson.

First vice—Dr. Crang.

Second vice—A. T. Spohn.

Additional executive—J. B. Miller,  
Harold Ritchie and the manager to be  
engaged by the other members of the  
executive.

Secretary-treasurer—T. R. Tipton.

The question of the membership fee  
was discussed at some length and it  
was agreed that it be \$1 while citi-  
zens have the privilege of subscr-  
bing a larger sum.

It was agreed that the intermediate  
team be under the same management  
and that a trophy be secured for com-  
petition between school and other  
junior teams in the city.

The practice nights will be the same  
as last season, Monday, Wednesday  
and Friday night at the Exhibition  
grounds and the team will wear the  
red and white colors that they car-  
ried to victory last season.

The enthusiasm shown augurs well  
for a very successful year for the  
team. Almost all the material of last  
year is available and a number of  
outside players have offered their ser-  
vices.

The "Alberta Cup" is the  
wardrobe of the Strathcona enthus-  
iasts and all are confident that at  
the close of the season the silverware  
red and white colors that they car-  
ried to victory last season.

**EXPLOSION ON DREDGE.**

Two Killed and Eight Others Seriously  
Injured.

Key West, Fla., April 14.—An ex-  
plosion which occurred on the deck  
of the dredge, George W. Allan, en-  
gaged in extensive work on the Flor-  
ida coast railway caused the death  
of two Spaniards and injured eight  
other men. Four of the injured were  
badly scalded. A tube in the boiler  
is said to have burst. The escaping  
steam blew open the furnace doors  
and threw live coals and steam on  
the two men, who were killed. Those  
injured were asleep at the time. The  
steam blew out a partition of the  
dredge.

**\$8,000 FIRE AT DALHOUSIE.**

Dalhousie, N.B., April 15.—Resti-  
cous Woodworking company's factory  
caught fire at ten o'clock Friday  
night and burned to the ground.

The boilers and engine remain intact.  
A very large quantity of manufac-  
tured lumber stored in the building was  
destroyed. The loss is about \$8,000,  
and insurance about \$49,000.

Lethbridge council has increased  
the salaries of the police force to \$80  
per month for the chief, \$75 for the  
assistant chief, and \$60 for constables.  
Free uniforms are supplied.

### TRACKMEN GET BIG INCREASE

Canadian Pacific Agrees to Pay  
an Advance of Twenty Cents  
per Day.

Word has just been received by the  
P. R. maintenance of way men in  
Strathcona of a big increase in their  
pay. The advance is the result of a  
conference held last week in Winni-  
peg between representatives of the  
men and of the company, when the  
schedule on which the maintenance  
men are to work for the next twelve  
months was agreed upon, and the final  
settlement effected.

The result of the negotiations is  
that the men will receive, as com-  
pensation for the increased cost of  
living, an advance of twenty cents  
per day. The increased wage will be  
paid on all the western lines of the  
Canadian Pacific, including all the  
branch lines. On these lines there  
are three thousand five hundred men  
engaged in maintenance of way de-  
partment, and the advance in wages  
will mean a difference of seven hun-  
dred dollars per day, the aggregate for  
the year being over two hundred thou-  
sand dollars.

The wages at present paid to this  
class of employees range from \$1.50  
per day to \$2.50 per day. In future  
the schedule will run from \$1.70 to  
\$3.50 per day.

In discussing the increase John T.  
Wilson, of St. Louis, president of the  
Maintenance of Ways Union, is quoted  
as follows:

"The Canadian Pacific has been a  
generous to its men as it has been  
progressive in its management. It  
pays good wages, and does its work  
well. Our dealings with the corpora-  
tion have been uniformly satisfactory  
and have terminated to the satisfac-  
tion of both the company and the em-  
ployees."

"I may say that there was never  
the slightest danger that there would  
be any strike in this instance. Our  
men some time ago adopted the prin-  
ciple of arbitration, and it is our set-  
tled policy that the rights of the pub-  
lic shall be respected, and that the  
public interest shall not be sacrificed  
on account of the differences between  
the company and ourselves. We are  
wholly committed to the principle of  
arbitration, and if we cannot arrive  
at an agreement with the company in  
the ordinary way, then we will call  
a third party, in whom both the com-  
pany and ourselves have confidence,  
as a trustworthy and competent judge,  
organize a court of our own, and set-  
tle the matter."

The increase granted by the com-  
pany will mean sixty dollars per an-  
num to each of the men engaged in  
maintenance of way. There are in  
all about seven thousand men inter-  
ested, counting both eastern and west-  
ern lines and the total increase in  
wages will amount to over four hun-  
dred thousand dollars per annum."

The C.P.R. will spend close to half  
a million dollars in improvements  
at Moose Jaw this year, exclusive of  
\$175,000 for the big new hotel.

## TENDERS

Tenders are invited for the building  
of the collegiate institute, Strath-  
cona. Tenders to be sent to the un-  
derdesigned on or before noon, Sat-  
urday, the 27th inst.

The lowest or any tender will not  
necessarily be accepted.

Plans and specifications may be seen  
at the offices of A. T. Mole, archi-  
tect, and A. McEwen, auctioneer,  
Strathcona, and of Johnson & Lines,  
privilegists Edmonton.

## SUMMER RESORT FOR EDMONTON

Is What Mr. Sullivan Predicts  
for Lesser Slave Lake—  
Fine Hard Sand.

"There is destined to be a magnificent farming country to the east of the Lesser Slave Lake, and in the vicinity of the Swan river," was the statement to The Bulletin yesterday, of Charles Sullivan, who has just returned from that country, where he has been for the past year.

Mr. Sullivan has spent the time in the north conducting a freighting service between the Landing and the west end of the Lesser Slave. The winter has been a very severe one to the north, he says, and the trails were in bad condition till the middle of March, when milder weather made the freighting a much easier task.

During the past year a large number of settlers have moved into the north country, and are locating in the vicinity of the Swan River. This spring Mr. Sullivan says that the Lesser Slave river a rancher who is en route to the Spirit river with his effects. His horses are now at Stettler, and will be taken north during the spring. Mr. Sullivan says that the country around the Lesser Slave lake is destined to be within the next twenty years a summer resort for Edmonton. There are no finer shores of hard sand in northwestern Canada and the scenery is unrivalled. At one place there is two miles of level beach, which would make an unexcelled race track. Even now every summer it is used by the Indians for contests of speed, and the cayouse races of the Lesser Slave are picturesque features of far northern sporting life.

Mr. Sullivan will remain several weeks in Edmonton, and then proceed to Stratford, Ont., on a visit to his home there.

## WOULD MEAN GENERAL TIE UP

If Teamsters and Transfer men  
Unite. A Number of  
Labor Troubles.

The painters of the city who have laid off in failing to receive the increase asked for from the master painters, are looking forward to a settlement of the existing dispute at a meeting to be held this afternoon. It is thought that the rate of \$4 asked for by them will be granted.

The plumbers of the city are discussing the question of asking for an increase of pay beginning the first of May. At the present time the highest was granted to workmen of this class is \$4, while they contend that much higher wages are paid in other cities. If the dispute is not settled, there is the possibility of a strike the beginning of next month.

The men who have been employed in teaming on city work at a recent meeting decided not to ask for an increase of pay. The lowest of the week was \$4, while they contend that much higher wages are paid in other cities. If the dispute is not settled, there is the possibility of a strike the beginning of next month.

## BLOCKADE KEPT MEMBER FROM TAKING HIS SEAT

Hon. J. A. Calder, Saskatchewan's Minister of Education, Visiting Edmonton for a Rest—Talks of Many Interesting Things in Sister Province.

"Our University of Saskatchewan will shortly take on more definite shape. All the preliminary steps necessary for the organization of the University have been taken," said Hon. J. A. Calder, Minister of Education in the Saskatchewan Government, to The Bulletin today.

"We are now looking forward to the first convocation which is expected to be held in Regina sometime after July 1st."

Mr. Calder has been spending a few days in Edmonton, the guest of Lieutenant-Governor Bullock, and when seen by The Bulletin's representative at the Governor's comfortable office in the administration building, this genial member of the sister province's Government was taking his ease enjoying the semi-holiday trip to Edmonton after the recent busy session at Regina.

"All the graduates of British universities resident in Saskatchewan are expected to attend this first convocation, which meets to elect a Chancellor and Senate for the University."

"Does your University Act differ materially from that of Alberta?"

"I believe it does somewhat, though I am not entirely in rapport with the provisions for Alberta's province. Our Act provides for a Senate, a University Council and a Board of Governors, who will control the University. The Senate will consist of representatives from various points in the province. The University Council, which will attend to the academic affairs of the institution, will be presided over by an executive council of this Senate."

"The Board of Governors will have in a large part the control of the financial part of the workings. These men will be practical business men and not necessarily university graduates as the Senate will be. Five of them are to be appointed by the Senate, three by the Government and the President of the university will be an ex-officio member. It is intended that the various interests of the province shall be represented on that Board of Governors."

"What trend will the course of education likely take in the new University?"

"Doubtless it will have a somewhat utilitarian trend; most influences in our West tend that way now, but the branches of higher culture will not be sacrificed. But this will all be decided upon definitely later by the controlling bodies of the University. Though there will be a yearly vote made for the maintenance of the University, we have endeavored to eliminate government control of it."

**Premier Scott's Health.**

"We are looking forward to the Premier's return in four or five weeks now, and we hope to see him quite restored to health," said Mr. Calder in reply to a query about Mr. Scott's health.

"He has had a serious illness, but in company with his doctor he has made a tour of the West Indies and his health is greatly benefited. Mrs. Scott left last Wednesday to join him in New York, and they will return home after a few weeks more spent in the South."

**New School Readers.**

"In your own department were any changes mooted this year? Are you not preparing to introduce a new series of school readers?"

"Yes, arrangements are being made to authorize a new set of readers for the province as is planned in Alberta also. Different Canadian publishers have been asked to submit sample readers, and a committee will later decide upon them."

"Is the innovation necessitated in any way by the cosmopolitan favor of the Western population?"

"I think not. It is rather that the readers used at present are out of date. They are the Ontario readers

and have been used from ten to twenty years. Great advance has been made in school-readers in that time."

"And the new provinces want nothing but the best?"

"Exactly," Mr. Calder replied, with a smile.

**Mr. Donaldson's Being.**

"What efforts are being made in Saskatchewan to prevent a recurrence of the irregularities that necessitated Dr. Tyngman's resignation?"

"We are making provisions for that in the new Elections Act, and it is our intention to make as stringent provisions as possible against all irregularities in election and, in fact, corruption in all its forms. We are bringing down a new Elections Act next session; the old Act is not workable."

"Did Mr. Donaldson take his seat this session?"

"No; when the House, exercising the old power of parliaments in contested elections decided that the Conservative candidate was on the evidence entitled to the seat, Mr. Donaldson was notified, but the blockade on the C.N.R. prevented his coming down to Regina before the House closed."

**Commemoration of Edmonton.**

"How does Alberta's capital impress you upon this visit?"

"Why, your capital can impress a visitor only in one way—in admiration of its activity and enthusiasm. It has splendid prospects. I know of no place in the West with brighter prospects. Edmonton is most advantageously situated."

And with this commendation of Edmonton the interview closed with the visiting statesman, whose early work as an educational and western citizen is known throughout the two provinces.

A conference will be held at Brandon this week to bring about the union of the Baptist and Christian churches in the West.

## NOT TO ENFORCE OPEN SHOP CLAUSE

Situation in Coal Mining Industry is Unchanged According to President Sherman.

Fernie, B.C. April 14.—District President Sherman states—"In order that the public may understand what the demands of the Canadian mine workers are at this time, I wish to state that we are willing for the sake of peace, that the present standard rates shall be continued, with an advance of ten per cent. upon all rates. The minimum rate for outside labor shall be \$2.50 for a ten hour day.

That wages be paid every two weeks. That the eight-hour bank to bank day be established at all mines in Alberta. We do not desire to enter into any legal technicalities with any coal company in this district. An agreement as to wages and hours will suit. All existing customs to be maintained. We do not insist upon an open or closed shop. Neither do we seek to take advantage over any coal company in a legal or technical manner. We are prepared to negotiate at once with any company in this district without waiting for an investigation board. The referendum vote so far taken in district 18 U.M.W. of A. shows over 80 per cent. to be in favor of striking."

### The Situation.

The situation in the coal mining industry remains pretty much the same. The operators have taken the necessary steps as laid down in the Trades Dispute Act, and have made the necessary application to the Minister for the appointment of a Board of Investigation. Upon receipt of the president's request from the Minister, the operators will recommend the appointed board. Men and women appointed of a representative from their side to act on the board of three appointed to investigate and adjudicate upon the merits of the dispute.

From latest reports there does not seem to be the danger of a strike which existed a few days ago. The miners are commencing to doubt whether before a strictly impartial tribunal they will secure as favorable an argument as the one which was formulated and consented to (all but the new discrimination clause) by the joint conference.

### Operators' Association.

Strenuous efforts are being made by the miners' delegates to avoid recognition of the operators' association, and President Sherman is now endeavoring to make separate agreements with each particular mining company on the old plan, which enabled the union to use one against the other, as a leverage to obtain further concessions. The operators' union, however, which was formed as a result of the request of Mr. Sherman for a joint conference to arrange a uniform contract, having come into existence thereby as a mining companies' association will not go back to the old state of affairs and make new agreements separately. It is a case of union agreement for all the mines now with them, as the thing has started.

Work is continuing under the old and separate agreements, and under the same conditions according to the stipulations of the new Disputes' Bill until it is decided by the board of investigation what constitutes a fair uniform contract between the two parties.

### Strike or No Strike.

The United Mine Workers' Association, of which President Sherman is the president in the affected district, has issued orders for a referendum to be taken on the question, "Strike or no strike." This will be completed on the 15th inst. The operators consider this a tactical move in the direction of forcing them into making separate agreements with the union, but the real reason of this referendum is clear enough when sub-section B of the section 15 of the new act is read. The section reads as follows, and refers to the requirements each of the parties are called upon to fill before proceeding under the act can go on—"A statutory declaration setting forth that, failing an adjustment of the dispute or a reference thereof by the Minister to a Board of Conciliation and Investigation under the Act, to the best of the knowledge and belief of the declarant, a lock-out or strike, as the case may be, will be declared, and that the necessary authority to declare such lock-out or strike had been obtained."

This shows clearly that President Sherman must take the referendum in order to obtain authority to strike, if extreme arise; and it follows as a noticeable fact that the taking of it reveals that up to the present he has evidently had no authority to indulge in the strike talk.

## The Assault on Immigration

(Continued on Page Six.)

wealth of this country, he should have the sentimental protection of not being called a "foreigner."

### One For Bourassa.

After referring to the broad conception of the fathers of confederation of a great and united Canada Dr. McTavish concluded: "I say that when the time of this House is taken up with discussion as to whether the department of government have their proper quota of deputy ministers who speak French, when the time of the House is taken up with discussing what kind of language shall be printed on a postage stamp; I say that when we have men of that class here who have men who will raise a question as to whether at the simultaneous moment one page of the French statutes shall be printed with a page of the English statutes; when we have men in this House who would devote the time of parliament to that sort of thing, I say they need a proper national sentiment just as much as any Dunker or Galician."

### No Discrimination.

Hon. R. Lemieux followed with a splendid speech in which he repudiated the idea that the government was hostile or indifferent toward immigration from France. In France, he said, economic and social conditions were good and in consequence from a population of 35,000,000 not more than 4,000 Frenchmen emigrate per year. Of this number Canada, thanks to her agents in France, received a fair proportion, securing last year 27 per cent. and the previous year 25 per cent. of the total number. The leaders of the French Canadian people did not want them to remove from Quebec to the western provinces and it would be unwise to undertake measures to provoke such a movement.

### Sympathy But Not Support.

Mr. Borden tendered words of sympathy to Messrs. Lavergne and Bourassa in their trouble but could not see his way to support their resolution. Had the motion been to restrict the bonus system to the British Isles he would have been pleased to support it, and under the circumstances he contented himself with pouring oil and wine on their lacerated feelings.

### More Enemies of Immigration.

Messrs. Monk and Robitaille attacked their hostility toward immigration effort of any kind. Dr. Sproule was persuaded that immigration effort was no longer necessary but would not support the resolution for some reason unexplained.

This concluded the debate and the mover and seconder being absent the House adjourned peacefully without the formality of a vote.

### WHAT DID HE STEAL UP NORTH.

Lacombe Men's Story—Apprehended in Calgary For Theft, Says He Is Innocent.

Calgary Herald: Saturday morning Chief English received a telegram to apprehend Wm. F. Drogglaver, of Lacombe, on a charge of theft. The telegram was signed by the city marshal, and officer Nutt was despatched to go in search of the desired man. Only an hour after the receipt of the message Nutt returned with Drogglaver, whom he found at the Royal Hotel. The telegram had given a good description, and the city detective knew him the moment he set eyes on him. Mr. Drogglaver is now sitting in the chief's office awaiting word from Lacombe. Chief English has not yet been able to get the authorities there but expects to hear from them very shortly.

The young man from Lacombe states that he does not really know what he is wanted for unless it is for a lien note held by George Skinner of that town. Last year Drogglaver started farming, and he bought implements from Skinner. This spring he decided to get back to city life, and sold out. He first asked Skinner if it would be all right for him to sell the implements, and Skinner told him it would be all right if he sold to responsible parties.

Drogglaver did that, and used the money to pay some other debts, resolving to get work in town and pay off the lien notes as soon as he got work.

He came to Calgary last night with letters of introduction to different business men and the first thing he knew he was arrested. Now the Lacombe man expects to get his money by having him arrested. Drogglaver does not know. He says he would have been able to pay off the note in a very short time if left alone.

### TO CONTRACTORS.

Sealed tenders are invited to be sent in to the undersigned by noon of May 4th, for the addition to the Windsor Hotel, Edmonton, as follows:

Bulk tenders for excavating, masonry, cut stone, carpenters, coat iron, marble, painting, glazing, sheet metal and roofing.

Separate tenders for structural steel work, plumbing and heating, electric generating plant and wiring elevators.

All tenders must be accompanied by a accepted cheque for 10 per cent. of the amount of the tender, made payable to the Windsor Hotel Syndicate, as security for the due execution of the work. Cheques will be returned to the unsuccessful contractors as soon as possible after tenders are opened.

The lowest or any tender not necessarily accepted.

Plans and specifications can be seen at the office of the architect. R. PERCY BARNES, 141 Jasper Avenue, Edmonton, Alta.

### THE ASSAULT ON IMMIGRATION POLICY PROVOKED COUNTER ATTACK

And the "Little Canadians" had an interesting Afternoon—Resolution Died a Natural Death—Mr. Oliver, Mr. McIntyre and Mr. Lemieux Fought Them.

(From Our Own Correspondent in the Press Gallery.)

Ottawa, April 10.—Messrs. Lavergne and Bourassa received some very direct attention in the House yesterday. The Minister of the Interior led the way, Dr. McIntyre of Strathcona followed suit and the Postmaster General came along just in time to string their political tails in the net.

Should Abandon Immigration Effort. The fun started when Mr. Armand Lavergne told his long-promised arrest of attacking the system of paying bonuses for immigrants. He declared that this was a policy which could only end in disaster. The only satisfactory immigrants were those from Great Britain, France or Belgium, because they were already acquainted with our institutions and were easily assimilated, but even these were coming in too rapidly. Canada could not digest the population that was coming in, and the time had come when a halt should be called to the whole system of immigration. If the present rate of immigration continued the foreign born population of Canada would soon exceed the native born. He complained that the propaganda, being confined to the west, was unjust to the other provinces and especially to Quebec. The west was being filled up with an alien population composed of the scum of Europe, who had nothing in common with the sentiment of Eastern Canada. Then he proceeded to disclose the real reason for his attack upon immigration and that was that while Quebec paid 30 per cent of the cost of immigration there was a conspiracy on the part of the Interior Department against France and Frenchmen.

Cockneys "Worse Than Sikhs." Asked by Col. Sam. Hughes whether he would favor immigration of priests exiled by order of the French Government, Mr. Lavergne said that at any rate they would be better than Galicians or Cockneys, who were worse than Sikhs. The motto of the Interior Department seemed to be "A

Doukbor is better than a Frenchman." He argued that a good propaganda in France would result in a large immigration from that country and as the French Canadians were great assimilators they would easily digest the addition from France.

Government Should Pay Travelling Expenses of Canadians.

Another grievance was that the department was discriminating against Canadians in favor of elements of discord. Instead of forcing our young people to go to the States they should be assisted to go to the West, but now it cost more for the Canadian to go West than it did for the mongrel of Europe. If this went on for 20 years Canadian ideals would disappear and native Canadians would be swamped. In conclusion he moved an amendment, declaring that the system of bonuses is contrary to a good policy of immigration and should be abolished.

An Unopposed Empire. Hon. Frank Oliver in reply stated that Mr. Lavergne had crowded into an hour's speech more misunderstanding and more misstatements than usual. His argument was that all immigration should be stopped except perhaps from France and Belgium. The best answer to that was that Canada with an area as large as Europe had a population about the same as Belgium.

No Bonus to Immigrants.

It was not the policy of the Government to bonus immigrants to come to this country. That was the policy of the former government, but was discontinued by the present government. The principle upon which bonuses were paid to agents was to induce them to advertise Canada. The fee paid to the agent was calculated to make him persuade the intending immigrant to come to Canada. There was no bonus paid to the individual immigrant. If he would not come here without a bonus Canada did not want him. As to the North Atlantic Trading Company, it was a combination of European booking agents at a time

when Canada needed people and was not getting them; but that time had passed. We had secured a good class of people as a result of that contract, but owing to the combination of steamship companies and for other reasons he had decided to cancel the contract. Chief among these reasons was the decline in immigration from Scandinavia. He ridiculed Mr. Lavergne's talk of Canada not being able to digest the population that was coming in by pointing to the scarcity of labor in the whole country over.

Wanted the Best.

A year since the bonus in Great Britain had been increased from \$175 to \$200 but it had been limited in application to immigrants who had followed farming and certain specified kindred pursuits in the mother land. The increase had been made for the express purpose of securing selected immigrants and he believed the purpose had been accomplished.

A "Little Canadian."

The speech of Mr. Lavergne was the discreditable utterance of a "little Canadian," who was wholly and unreservedly opposed to the policy and the effort for a greater Canada.

Opposed to Immigration.

Mr. Bourassa followed in his usual Brewster fashion, the burden of his song being that the active immigration policy was being carried on for the benefit of the western land speculator and ought to be stopped forthwith.

Dr. McIntyre of Strathcona, replied to Mr. Bourassa in one of the strongest speeches of the session and was heartily applauded as he scored the misstatements of the "Little Canadian."

As to Nationality.

Referring to the wild allegation of Mr. Lavergne that four-fifths of the people of the west are of foreign origin, Dr. McIntyre said: "The hon. gentleman told us that he was giving us some figures; well, I am giving you some figures that are facts. I say that we have 111,138 British born people in the province of Alberta, out of a total of 185,000, disregarding the other immigrants. Take also into consideration the fact that there are also an additional 45,000 immigrants coming in from the United States, which I have accounted for in the 184,000. Yet they tell us that the foreign invasion is upsetting us, they tell us that we must look out, or four-fifths of the population will

be foreigners. I can see no justification for such fears. Now you must take out of the account, 20,000 who come in from France and Belgium, these must be reserved as sacred, these are the ideal citizens according to the hon. member who moved this motion (Mr. Armand Lavergne). There are some 4,000 coming from Norway and Sweden who go to make up the so-called northern European immigration, which every hon. gentleman on both sides of the House will admit are most desirable immigrants. People from Norway, Sweden, Denmark, France, Belgium, Switzerland, are known to be most desirable settlers, whose civilization is as high as our own.

Should Not Be Called "Foreigner."

He repudiated the reference to foreigners and said: "Now, Mr. Speaker, I want to say that the fact that these people come from inferior surroundings, from a civilization perhaps inferior to ours, is no argument that they will not appreciate their new surroundings and will not form sentimental ties for this country even stronger than we appreciate ourselves. I will cite one little circumstance that came to my own knowledge to illustrate what I mean. A certain Galician came to my office one day, and in speaking of the country of his adoption and comparing it with the country of his birth he said, 'Do you know that my little boy twelve years of age can take up an English newspaper and read it so that we can all understand it in our own language? You may think that is a mere passing whim, you may think it does not amount to much. But when I heard him say: 'My little boy of twelve years of age can read these books that have always been closed to me, he can read all the English papers—he was almost overwhelmed, and tears of gratitude stood in this man's eyes. It is these little sentimental things that go to make up a strong national spirit; it is these things that tie the so-called foreigner to the country. Imagine the hon. member for Labelle (Mr. Bourassa) telling us that this house would be dominated by a foreign population. Does not the hon. gentleman know that every man who comes into Canada must take the oath of allegiance? And I claim that no man who has taken the oath of allegiance should be termed a foreigner. What difference does it make whether the language which is used is that of the highlands of Scotland, or of sunny France or of Galicia. If he be a good citizen, if he be an honest and industrious man, contributing to the

## AROUND THE CITY

### LOCALS.

The Ladies' Aid of Grace Methodist church are giving an "at home" at the church this evening.

Milton McLeod of Calgary is spending a few days in the city, the guest of his brother, Mr. J. McLeod.

Mrs. R. Connor will not receive on Thursday of this week, and not again until the third Thursday of May.

Mr. and Mrs. F. Souther and Mr. and Mrs. L. McKinnon, of Chipman, were Sunday visitors in the city.

Mr. and Mrs. McLaughlin and Miss McLaughlin, of Lamont, were visiting in the city Sunday. They were at the Castle.

Mr. W. S. Weeks has received the news of the death of his mother, Mrs. Geo. Bell, at Barrow-in-Furness, England.

B. H. Johnson, C. S. Hutton and J. C. Sullivan arrived from the north on Saturday. They are registered at the Imperial.

W. B. Graham and R. D. Lorgeall, two of the members of the R.N.W.M.P. force at Prince Albert, were in the city on Saturday.

Mr. and Mrs. W. F. Piephor, of Cranbrook, B.C., arrived from the coast yesterday, and will spend a few days in Edmonton.

A. A. Lamoreux, Ed. Peterson and H. Keating, a trio of Omaha capitalists, were visitors in the city yesterday. They left today for Calgary.

A confirmation class is being organized at All Saints' church, and a first meeting of the candidates for instruction will be held Wednesday evening at 8.30 o'clock.

Hon. Mr. Cullen, minister of education for Saskatchewan, who has been the guest of the lieutenant-governor and Mrs. Bulyea for a few days, leaves for home today.

The Health Department has issued an order to all the hotels, boarding houses, restaurants, to remove their own garbage from their yards. In the past it has been removed by the city.

At the morning service at Grace Methodist church Sunday, twenty-five new members were added to the communion roll—one by baptism, eleven by letter and thirteen by profession of faith.

A station of the R. N. W. M. P. has been organized at Morinville, Corp. Starke, who was formerly connected with the Edmonton barracks, and more recently has been at Regina, has been placed in charge.

Mr. D. R. Reid and relatives of the late Mrs. Reid, wish to thank their friends, and particularly the pastor and members of Grace Methodist church, for the kindness shown to the family during Mrs. Reid's long illness and since her death.

Before Magistrate Wade and Wilson at the police court this morning James Gordon, for indecent assault, was sentenced to stand trial at next session of the supreme court. The case for the Crown was conducted by D. H. McEminon, and Messrs. Stuart and MacKie appeared for the prisoner.

The Sons of England at their meeting last night appointed a committee to confer with the Scottish societies in Edmonton for a civic service in one of the city churches on May 20th, which date will be the two hundredth anniversary of the union of the English and Scottish kingdoms.

B. Langford returned to the city yesterday from a holiday trip in the east and leaves for the north in a few days to fit out the steamer Rigby on which he will be engineer again this year. The Rigby will ply between Fort Smith and Fort McPherson.

The annual convention of the Western English Association, which embraces the provinces of Alberta, Saskatchewan and Manitoba, will be held at Edmonton this year, commencing on June 30. The committee is at work now preparing the program for the meeting. At least 300 delegates will be in attendance.

The male members of the Young People's Society of First Presbyterian church did the housework at the weekly meeting of the association last night. Every item on the program was furnished by the men and they also served the refreshments without any lady assistance. The platform was fitted out to represent a bachelor's den, and every visitor who called was requested by the host to furnish a speech, a story or musical act of some kind.

Some capital numbers were given, the particularly good things being the Irish recitations by Mr. Dwyer, the Irish solo by Mr. Luck, and the mandolin solo with guitar accompaniment by C. Tait and Mr. Ogden. A splendid lunch was served and one of

## THE CITY

the most enjoyable evenings in the city's history is reported by all.

Harry Peterson has bought out the pool room in connection with the O'Leary's, and has taken possession on Monday.

W. J. Hunter, formerly editor and manager of the Fort Saskatchewan Reporter, but now with the International Harvester Co., is in the city for a few days.

E. Rinfret, a Montreal land surveyor and a party of twenty assistants arrived in the city yesterday after spending several months on government survey work in the Lac La Pêche section.

Mr. George H. Graydon, druggist of this city, has been appointed to the Pharmaceutical Board of the Northwest, as a representative of Alberta. Mr. Graydon is the first druggist in Edmonton to receive this recognition.

There was a record turnout at the regular meeting of the Sons of England in Unity hall last night, over 100 members attending. Six candidates were initiated and nine applications were received. The society appointed a large committee whose duty it will be to visit the immigration hall regularly and see that all English arrivals in Edmonton are made at home and where possible secure situations for the newcomers. President Brown, of Calgary, occupied the chair and Bro. Joe Garrett was organist.

The film of the moving pictures that have been delayed for the Big Ben arrival, and as a result the usual afternoon and evening performances will be in full swing again. The Big Ben has just become a favorite resort for pleasure seekers. This week Jack O'Toole sings: "I am Weeping My Heart Away for You."

The high court will be dissolved on August 1st, 1907, and new high courts for each province will be found. An officer of the supreme court will visit the west and install the new high courts.

High Chief Ranger A. F. Grady, Mackay, Alta., and High Secretary A. H. Woodman, Prince Albert, Sask., with the other officers, will continue in office until the dissolution takes place.

The I. O. F. local court had a very interesting meeting during the committee's session. The officers for the year had been elected, and advantage was taken to have them installed during the visit of the officers of the court.

H. C. T. Bro. Collins was Marshall and assisted H. C. Bro. Grady to install and install, after which addresses were given by the above named on Forestry, to the large number of members present.

Forestry, says High Chief Ranger Grady, enthusiastically, is making great strides in the new province, and proving each day to be the best and safest insurance any man or woman can have for the family. The I. O. F. is paying out over \$5,000 per day to beneficiaries of the order.

LAND BILL BLOCKED.

Subscribers of Foster and Western Conservatives Delay Despatch of Public Business.

Special to The Bulletin.

Ottawa, April 16.—It appears mighty certain that the Land Bill will be held over until next session. A determined assault is being made by the Foster section of the Opposition.

When the measure was introduced, the Opposition gave assurances that the debate would be protected from delay and no objection, but the conduct of McCarthy, of Calgary, of Marquette, and Lake of Quappelle proves that the Western Conservatives are ready to resist to every side the bill to block the bill without openly running the risk of opposing it.

Since then the time of the House daily frittered away by the Opposition recalling subjects exploded long ago, and digging up trivialities to prevent the passage of business. This all points to a deliberate plan to prevent the measure from becoming law till Foster and his speculative friends have had time to hold up the settlers for fancy prices for their lands. Owing to the necessity of Mr. Fielding going to the Montreal conference, the government are not in a position to fight the measure through.

The C.P.R. freight traffic at Lethbridge for March is fifty per cent greater than for March last year. The passenger traffic is twenty-five per cent greater.

The Labor Temple at Lethbridge will in future be used as an opera house until the new play house is erected.

### COMMISSIONERS' RECOMMENDATIONS.

At the council meeting tonight a report will be read from the commissioners stating that there is apparently no reason why a franchise should not be granted to the hotel company that has recently applied to the council.

With reference to the legislature's request the commissioners suggest that the highway and special legislation committee take up the question of license and also regulate the cable, bus, etc., that do business in the city.

PRISONER FOR THE PENITENTIARY.

Trants Blockheiser, who has been serving a term at Fort Saskatchewan, and who was some time ago sentenced to two years in the penitentiary for obtaining money under false pretenses, was brought up from the Fort last evening and taken out to the penitentiary.

A man named George A. Peterson, of Weyburn, charged with placing obstructions on the railway line, was brought up from the south last night and taken to Fort Saskatchewan to await the June term of the Supreme court.

THE BIOUS.

The film of the moving pictures that have been delayed for the Big Ben arrival, and as a result the usual afternoon and evening performances will be in full swing again. The Big Ben has just become a favorite resort for pleasure seekers. This week Jack O'Toole sings: "I am Weeping My Heart Away for You."

Food You Eat

Should be Pure

The reason that the adulterated food is so much plentiful than the pure is simply because of demand. You can discourage the use of impure foods by sending your orders where purity and cleanliness are the watchwords as is the case with this agency.

Are you with us?

## The Bug-a-Boo

of Ready-to-Wear Clothing in years gone by was that they would not keep their shape. That is still the fault of some makes of Clothing, but not so with

## CAMBELL'S CLOTHING

We guarantee it to keep its shape or replace it. The very best and highest paid designers, cutters and tailors are employed in its manufacture, and the style and workmanship is far superior to that turned out by the smaller tailor shops. If you have not tried our

## Made-to-Order Department

wait until you see what we can offer, you before you buy your Suit or Overcoat.
